

RB-4K Decoder HDMI

RB-4K Decoder HDMI

Technical Informations

- Dual channel encode/decode in resolutions up to 4Kp30
- Realtime Decoding with Rebotnix Codec Technology
- Alternate H.264 Codec
- Fully controllable parameters:
 - resolution
 - maximal Bitrate
 - GOP and on-the-fly bitrate control
- In Fallback mode protocol support forRTP
 - RTMP
 - MPEG-2 TS
 - TS File
 - RTSP
- Network
 - LAN Port 1000 Mbit Port (1GIGe)
- Audio Codec

- AAC
- Audio Interfaces
 - Embedded HDMI
- Case
 - Full Aluminium case
- Power consuming: 7 Watts
- Input Power: Demo 7-17 Volt
- Module Size (without Vmount case) 108 x 68 mm (in 4.25 x 3.46)
- Operating Temperature and Humidity: 0 to 40 degrees
- Storage Temperature and Humidity: -10 to 65 degrees

Compatible 4k Hardware Encoder is the [RB-4K Encoder](#).
